

FW: Pending travel authorizations

This material is part of a collection that documents the harassment, discrimination, and retaliation perpetrated against Alaska's women research scientists by their supervisor, with full knowledge (and arguably, "tacit approval") of their federal employer, the USDA Agricultural Research Service (ARS)

 Subject: Pending travel authorizations

Cindy/Peter

Listed below are two travel request pending approval. Overall available funds in the Aquaculture program are very limited. There are many upcoming costs associated with the move to Kodiak (establishing your lab, travel to Kodiak (current techs & post-doc) to assist in setting up equipment, vendors who will be required to assist in connecting equipment, purchasing workstations for technicians, back-up batteries, chemicals, supporting daily operations, etc.), not to mention unknown costs, that have to be considered when approving travel authorizations. Please confirm that the below trip(s) are your top priority and understand that future travel may be disallowed if funds are not available.

1. Bower; Federally Employed Women, 41st National Training Program, New Orleans, July 13-15, 2010.
2. Bechtel, IFTC 10, Chicago, Illinois, July 16-20, 2010

Please confirm your preference by COB May 14, 2010.

alberto
