>
> All of the Monday classes you wanted are sold out and one on Tuesday. So of the 6
classes you wanted, you can only enroll in 3. It looked like all of the classes on
Monday were sold out. Let me know what you want me to do.

> Katie,
> My IDP training was approved. Could you please register me for the FEW workshop
(http://www.fewntp.org/). It looks as though I'm "early registration, non-member"
for $1,050. I've attached a registration form (mostly filled out). If one or two
of the classes I've selected are full, that's not good. If more than 2 are full,
then there's practically no point in going. (I submitted my request to ARS on
January 4th, but it was jusr approved today.)
